*Kasthall has been designing and manufacturing unique woven and hand-tufted rugs since 1889. Our own factory is located since in Kinna, amid the traditional textile area in western Sweden, where the production still occurs. Over the years, Kasthall has become one of the world leaders in the design and manufacture of carpets, and is now represented in 30 countries with a showroom in Stockholm, Milan and New York. Part of the secret is that we own our own production and thus control the entire manufacturing process. Another is our consistent focus on design and development.*
