LIVIA – A NEW CARPET TAKES THE FLOOR

Livia is a carpet that lifts all spaces and environments, adding a sensual textile feeling.

Through the years, Kasthall has decorated some of the world's most exclusive milieus, with a clientele that includes companies like Dior, Louis Vuitton, Prada, Valentino and Yves Saint Laurent. Textile flooring for public spaces has grown into a key product category for Kasthall, where their vision is to own the floor.

LIVIA

Livia is designed by the Kasthall Design Studio in one hundred percent wool. The shifting-colour of the carpet lies in the rich fibres of the yarn, where each one has its own natural shade, blended into a lovely mix. Livia is available in four-metre wide rolls.

Kasthall has been designing and manufacturing unique woven and hand-tufted rugs since 1889. Our own factory is located since in Kinna, amid the traditional textile area in western Sweden, where the production still occurs. Over the years, Kasthall has become one of the world leaders in the design and manufacture of carpets, and is now represented in 30 countries with a showroom in Stockholm, Milan and New York. Part of the secret is that we own our own production and thus control the entire manufacturing process. Another is our consistent focus on design and development.
